

## OUTDOOR FITNESS EQUIPMENT - COLOUR CHOICES

### Terms & Conditions

**OUTFIT'S** equipment is supplied in colour coordinated powder coating with centre poles (main frame on Stand Alone series) coated in **Gold - RAL No. 1003**, and moving parts (stations) in **Green - RAL No. 6026**. All caps, pedals, soft-furnishings etc., are in black. We carry a large stock of equipment in these colours and, therefore, can generally supply and fit at very short notice - 1 to 2 weeks. However, as some customers may require different colours to our Green and Gold, we have made arrangements with our manufacturers enabling us to supply the same quality and design of equipment in any RAL colour, subject to the following terms and conditions:

- The minimum order quantity is two of the same station with 1 x centre pole (where required).
- A surcharge of 20% on our list price for each station/support pole will apply to all orders.
- The customer must provide (in writing) the colour name, together with its RAL code, both for the centre support pole(s) and the moving part(s) (stations), see pictures below.
- A maximum of two different colours - i.e. one colour for the support poles and another for the stations is available. See pictures below.
- There will be a 12-week lead time from receipt of confirmed order to delivery of equipment.
- A minimum deposit of €5,000 or payment in full (whichever is the lesser amount) will usually be required at time of placing of order.
- For all orders of less than 40 stations, a €2,000 payment to part cover freight, insurance, haulage, customs and port charges will apply in addition to the 20% surcharge.
- All replacement stations and spare parts are always available to order from Outfit but may only be available in our standard colours of Green and Gold.
- All Outfit's standard terms and conditions still apply, in addition to the above T&Cs.
